

SEA HAVEN VILLAS

Presents

FATA MORGANA “SUPERIOR MIRAGE”

A NEVER-BEFORE-SEEN
100% SELF-SUSTAINABLE
LUXURY OFF-SHORE
SCUBA DIVING STRUCTURE

FATA MORGANA IS AN EXPERIENCE, NOT A VESSEL

From the moment people step on board, guests will experience unforgettable inspiration and awe like when they trained in the ocean pool and watched new coral grow. Or when they descended through the amphitheater moon pool and watched wonders below. Or when the sub lowered until the chamber flooded and they began their ocean journey into the unknown. These experiences help guests leave with renewed souls and a new understanding of the ocean.

THE PINNACLE OF INTERNATIONAL DIVING

Fata Morgana will instantly become the pinnacle of international diving—a destination that will draw those seeking the highest level of diving in the industry in a state-of-the-art facility with the latest in advanced equipment, personal submarines, and ROV's that has spared no detail in luxury or experience.

The vessel offers a spacious and open layout to allow a feeling of never being rushed or hurried while diving—something that is all too common on a regular dive boat. Fata Morgana is at once two vessels, transitioning from a luxury ocean retreat to a fully functional dive facility flawlessly. The future of self-sustainable luxury diving is now. Never before has this high level of luxury been fully self-sustainable without sacrifice. A modern marvel of ambition.

A TRANQUIL OASIS AT SEA

The first truly luxury self-sustaining vessel of its kind brings people and nature together in perfect harmony. Seamlessly melting into the horizon, guests will watch the sun set immersed in the peaceful, warm waters of the sea. The design pays special attention to blurring the lines between indoor and outdoor space to ignite the senses. Walking around Fata Morgana, one truly feels at one with the surrounding seas, with organic surroundings and cues taken from the reef below in the architecture.

A DIVE EXPERIENCE AVAILABLE IN ONLY ONE PLACE ON EARTH.

Everywhere you look, Fata Morgana invites you into the sea. Whether it's the one-of-a-kind amphitheater underwater lounge watching the reef and divers through the unbelievable crystal clear acrylic floor-to-ceiling viewing area or dive training in the glass bottom training pool with the reef beckoning below. Guests will wonder at the groundbreaking coral reef nursery. Diving through the moon pool into the underwater world below offers an unforgettable experience for new divers and veteran divers alike. While diving, family and friends can pass the time at one of our world-class upper deck lounge or restaurant areas where they enjoy the finest of fresh land and sea cuisine.

SUSTAINABILITY TECHNOLOGY

- Highest efficiency solar roof array*
- Integrated color perimeter solar cladding*
- Cutting edge gray water purification system automated smartphone control app*
- Cutting edge glass to sand recycling*
- Advanced seawater radiant cooling system*
- World-first onboard sustainable coral growing nursery and exhibition*
- Advanced water recycling phytoremediation system*
- Environmentally friendly anti foul painting system*
- Advanced hull metalizing 20-year finish (optional)
